Presenting your Audition Video

Youtube or Vimeo is our preferred web-based video sharing platforms.

Security settings: Youtube – select “Unlisted”, this ensures that only those with the link can view your video. Vimeo – select “only people with a password” and remember to email us your password.

Some tips when preparing to record your audition video.

- Use a room with a **good acoustic**. It is preferable if the same room (acoustic) is used for both the set repertoire and the excerpts.
- **High Definition** video recording is preferable.
- **Experiment** with microphone placement. **Listen back** with a good pair of headphones. You are the best judge – if you are happy with the sound quality, then chances are we will be.
- Consider how your video is presented **visually**. Ensure your camera is stable when recording – use a tripod. Ensure that you are not too far back in the screen shot. Clear the area that is in the screen shot of clutter, such as instrument cases and other miscellaneous items.
